

CII India-Africa Agriculture & Food Processing Summit 2021 from 14-15 September 2021 on Virtual Platform

The Confederation of Indian Industry (CII) in partnership with key stakeholders is organizing a **Digital Exhibition and Conference on Agriculture & Food Processing Industry from 14-15 September 2021** on a virtual platform.

This initiative of CII aims to further deepen the existing relationship between India and Africa in the following areas:

- trade and investment in agriculture produce and commodities
- food processing and value addition
- farm mechanization and irrigation technology for increasing productivity and achieving climate resilience
- agricultural research & development to foster innovation,
- capacity building & training

This event will involve a **digital exhibition** to showcase and promote mechanism to enhance farm productivity, promote trading of agricultural commodities, quality seed, fertilizer, food processing technologies, irrigation solution among others. It will also provide companies to connect via **online B2B meetings** to potential projects and partners on the continent. The conference will also be an opportunity for participants to hear about sector updates and opportunities, financing options, the policies and regulations regarding the agricultural and food processing sector from government officials and experts across the region through various **digital panel discussions**.

The High Commission of India requests the stakeholders in Tanzania dealing in Agriculture & Food Processing sector are encouraged to register and participate at the event from the comfort of their homes/offices.

For more details on exhibition and conference and any clarification, please write to Ms. Rakhee Gupta, Director, CII at rakhee.gupta@cii.in.
