

Global Virtual Healthcare & Hygiene Expo 2020
23-26 November 2020

The Federation of Indian Chambers of Commerce & Industry (FICCI) will be organising Global Virtual Healthcare & Hygiene Expo 2020 (G-VHHE), after the grand success of the first edition of India's Biggest Virtual Healthcare and Hygiene Expo 2020 (VHHE) from **23-26 November 2020**.

The Focus Sectors in Global Virtual Healthcare & Hygiene Expo 2020 are: Pharmaceuticals, Pharma Machinery & Technology, Medical Devices, AYUSH & Wellness, Medical Textile & Hygiene & Sanitization.

The key highlights of this web-based platform are:

Exhibition (Separate Virtual Pavilions are planned for the focus sectors).

Innovative product display options

Pre-Fixed structured B2B meetings with International, Domestic, and Institutional buyers

Free to attend exhibition for all Visitors

Sector specific Webinars & Live Digital Sessions

Instant Interaction platforms - Live text/video Chats, Chat bots

Global Footprint (7000 + Business Visitors, 1000 + Foreign Buyers from over 100 countries)

Over 100 domestic and international exhibitors will display their brands, products, services, and credentials digitally on their booth (through corporate videos, brochures, and catalogues), prefix meetings with registered visitors from over 100 countries across the globe, and meet them through text/video chat 24x7 during the Expo.

Business Visitors can access the event platform Free of Cost by submitting Visitor Registration Form available at website link:<https://registrations.ficci.com/GVHHE/attendee-registration.asp>. Once registration is submitted, the visitors will instantly receive a registration confirmation, and a 'visitors guide' and access path closer to the event.

Interested persons dealing in medical, healthcare & hygiene sector in Tanzania may like to take advantage of this opportunity and participate in the virtual expo from the comforts of their own offices/homes.
